2020 Amanpour Lecture: Ed YongChina goes global: public lecture by David Shambaugh Episode 2 China Goes Global Book Review China Goes Global

In China Goes Global, he proposes and defends the hypothesis that China is an increasingly important global player, but is only a partial power. The book provides a thorough overview of China's dynamic position in the global order and is a welcome perspective-setter for those in the scholarly community who have perhaps ventured too deep into testing social science theories and lost sight of the bigger picture.

China Goes Global

Written by John West, Asian Century Institute. Way back in 2001, Gordon Chang wrote a book entitled "The Coming Collapse of China".And ever since, Western analysts of China have been predicting a crisis. Among the many concerns have been China's massive debt, the inefficiency of the large state-owned enterprise sector, excess capacity in a range of heavy industries, real estate ghost towns ...
