Business Statistics | **JMP**

This is the newest, JMP Version 10, textbook format that accompanies this powerful discovery statistics & graphics software. I recently graduated from my MBA program at GWU in 2009 and utilized this software-text combination, albeit an earlier version, but still wanted to reinforce what I earlier had learned, which is, itself, a great testimonial to its utility.

Amazon.com: **Customer reviews: JMP Start Statistics: A ...**

The Art of Statistics is all about the communication of statistics. Spiegelhalter argues that while data are critical in science and business, data does not speak for itself. Context around the numbers and the visualization of data are critical to telling the story behind the numbers.
