The end of privacy | Leaders | The Economist

We have come to the end of privacy; our private lives, as our grandparents would have recognised them, have been winnowed away to the realm of the shameful and secret. To quote ex-tabloid hack Paul...

The death of privacy | Privacy | The Guardian

Schwartz briefly summarizes the longstanding view of privacy scholars that existing markets for privacy are dysfunctional:
□Because the gatherers have greater power to set the terms of the bargain and to shape the playing field that guides individual decisions, at the end of the day negotiations in the privacy market may fall short.□ 72 Second, propertization will neglect important social values that information privacy should advance. Schwartz sees information as a public good (like ...
